Scientologists Federal Court Can't Interview Cause They're Dead - October 6, 2017

The crimes of 1998, Federal Court Judges could have interviewed the following people

[Megan Shields](#) – died of cancer a week before June 25, 2016 per this and [this](#)

[Jim Hamre](#) – died August 22, 2017 per this and [this](#)

Unfortunately since the FBI/DOJ/LAPD failed to act ie help me, so that I could get to court for the crimes of 1998, these people won't be able to talk to the Federal Judges, they're dead.

The FBI and LAPD and even the DOJ could have spoken to these people before they died, I contacted these agencies in 2014.

This is obstruction of Justice in my 2nd case against the LAPD/OliveViewMedical/ChurchOfScienotology

Here's evidence of that:

[Letters and Response To The FBI and DOJ](#)

[Email To the LAPD and Their Response](#)

I also emailed [Jackie Lacey](#), the District Attorney from her website. Her response was the same as the DOJ's. She also blew me off, you can see how I'm struggling for help from all the abuse by law enforcement in addition to all the hates crimes etc etc instead of reaching back to me,

she blew me off too. She's also corrupt and abusive. It's probably cause I'm white, Jewish, a Scientologist, Hungarian, a woman, a Republican, my age etc etc. She too will have to be investigated to find all the reasons she blew me off, it's her job to help victims, she gets paid to help people, especially victims of crimes including hate crimes. This DA obstructed Justice by failing to act.

[DA of LA County](#)

Even the Inspector General obstructed Justice when he failed to act and forwarded my letter that he/she called a complaint, this wasn't a complaint, this was a letter to inform him/her of the scene, the situation, big difference.

[Letter To The Inspector General](#) [Response From The Inspector General](#)

There is no help from anybody within local and federal government, as a citizen and taxpayer, you're on your own.

If you were abused and/or blown off by people within the local and federal gov, I know it's very hard and it's very hard to talk, communicate from all the injuries these people have committed on you from their jobs, as you struggle to live and not die from all your injuries including physical and psychological, you need to sue them in Federal Court so they can be removed from post and stopped from harming others. It's not easy and I understand if you want to kill these people cause they have caused you pain by neglecting you and you are in pain and suffering both physical and psychological and your taxes pay for their careers, their lives, their homes, their cars and they could care less if you die. That's the reality of it, these people are criminals, they are corrupt and abusive, so besides monetary damages, remove them from their posts, their jobs and put them in prison where they belong, once in prison they won't be able to hurt nor harm anymore victims of crimes and will learn lot's of lessons about abuse while in prison on a daily basis.

That's what is gonna be happening to all these people, they're gonna be removed from their posts for failing to act and put in prison where they belong, then their agencies will pay out my monetary damages and if they have assets, their agencies will confiscate to make up for having to pay out the damages they caused by their abuse and neglect ie failing to act on purpose.

You can see the long term affects from all the abuse in my letters and emails, it started in 2014 and one after another I kept getting abused and neglected on purpose by everybody, their abuse has taken a toll on me and their agencies are gonna have to pay out for all my damages. It's too bad, had they played the game right ie doing their jobs, they could have all gotten pay raises and bonuses and of course long term accolades and rewards like book deals, tv deals, movie deals etc etc.

These people all know the psychological and physical long term affects of abusing and neglecting victims of crimes, You don't know that they know and it's not a mistake, it is on purpose to cause you pain, it's called Corruption and Abuse within Local and Federal Government.

Typo Correction, the email I sent to the LAPD is dated 11/15/14, when I typed the email, and looked at the calendar, I accidentally took the dates below the 19th and 20th. The dates should have been the 12th and 13th. It's impossible to call on the 19th when the letter is written, dated on the 15th. Below is evidence of my typo correction for the Federal Judges.

[LAPD.pdf](#)

I called Wednesday 11/19/2014 and I was told Detective Godinez was in charge of the Hate Crimes unit. I called Thursday 11/20/2014 and I was told by a police officer that answered the phone that he was emailing him a message, he never said he was off on Thursday. I found out today, after I called back this afternoon 2 hours later. Then I was told that Detective Stone was in charge of the Hate Crimes unit when I asked for Detective Godinez.

It's an outpost that Jackie Lacey blew me off, never responded to my email, she ignored me but here she is with this woman, I'm this church's victim, who she ignored but this sea org member, she does a photo op with. Federal Court will have to investigate her unless the FBI/DOJ is gonna do it, or has already done it.

I got Jackie Lacey's computations, she read my email, it was "oh they do that to black kids too" she was also looking for cases that would get her on the Oprah show, she was cherry picking cases, I believe that's illegal since she's the DA, she's playing God for fame.

Her job was to respond to me and give me guidance, emotional support, point me in the right direction, but instead she blew me off, she too left me sitting in it to die, all she cared about was finding a case that fit Oprah Winfrey's format.

This is corruption and abuse by the LA county DA's office , the reason hate crimes aren't being handled is because of people like her within local, state and federal government. I guess she didn't think the crimes of 1998 were crimes, she thought it was perfectly ok that I was held

hostage in my home by Scientologists etc etc and Mike Rinder, this woman's father was head of OSA at that time, the LAPD made sure I never showed up to court cause they threatened me with murder for trying to get the police report.

[The Crimes Committed By the LAPD, FBI and DOJ](#)

Since I'm learning Federal Court with my injuries including PTSDs, numerous, I think I'd be a better DA then Jackie Lacey, maybe she needs to go to prison for failure to act and neglect, crimes of Omission, how many other people in Los Angeles county reached out to her cause they were the victims of Hate Crimes and she blew them off too, let them sitting in it to die but where I'm alive, they're dead including "black kids"?

[JackieLaceyVictims.pdf](#)

Per the above, Jackie Lacey's office spoke to 45k people the year before, why was I ignored, blown off? Or was she lying and she really embezzled that money? I have a feeling she's lying and she embezzled that money.

The DOJ could have just responded to my letter in 2014 instead they blew me off, my statue of limitations are actually tolled and the DOJ under Eric Holder and Loretta Lynch blew me off, if I stilled waited for them to get back to me, I'd be waiting forever. Their no communication, their blow off, their failure to act, neglect ie crimes of Omission is proof of their discrimination cause I'm white, a Jew, a Scientologist etc etc. Both of these people will have to be investigated to find all the crimes of discrimination. In California there is something called the Un Ruh Civil Rights act, it's 3 times the damages per count.

Megan Shields was a witness cause, the 2nd attempt to escape my captor/captors, I ran out of my home where Jon Mackinder ran after me and there was a woman standing across the street with a phone, on the phone, a cell phone, I kept asking him, who she was and who she was talking to and he refused to answer me and just forced me back into my house. I found out from Dan Stradford that, that woman was a nurse from Megan Shield's office.

Jim Hamre was a witness cause, the day of the attack, the day Jon Mackinder beat me up, the 3rd attack, Jon Mackinder was on the phone with Jim Hamre when he attacked me. I was standing in my office, I just came back from being thrown outside of my home with a lamp, an art deco lamp, tall and that's where I sustained the 2nd concussion which was a grade 3 concussion cause I lost consciousness for 1-2 seconds, maybe longer and I was extremely disoriented and my perception/observation was off. When I got up off the cement, my hands and knees were scraped, the lamp was broken into two and Jon Mackinder yelled at me when I tried to enter back into my home, he slammed the door after throwing me out of my own home with the lamp and I couldn't open it, I had to bang on the door to let me in while screaming to let me in, he finally opened the door cause the neighbors across the street yelled out, "are you ok"? The neighbors across the street saw the entire thing from their window.

The injuries on my knees is from that 2nd attack.

[medicaldiagram.pdf](#)

[grade3concussion.pdf](#)

After Jon Mackinder opened the door, he yelled at me, and said, "Look what you did to that lamp"! he blamed me for the broken lamp. I was holding onto it, using it, trying to prevent him from throwing me, he picked me up while I was holding the lamp and threw me out of my front door where I landed on the pavement on my knees and hands and the lamp with it. I was thrown head first.

He then went into my office and I followed and he was on the phone with Jim Hamre, I was standing next to my office chair, there was two in my office and he was sitting in the other one. He was on the phone with Jim Hamre and while on the phone with him, he took his hand and put it behind my head and bashed it into the office chair cushion, then he got on the phone with Jim Hamre and told Jim Hamre that I bashed my head into the chair. That was the 3rd attack.

I also emailed the FBI and never got a response. I don't know if they blew me off or if Mazy Williams stole it.

[FBI Response](#)

I found the response today, I'm overwhelmed with all these PTSDs caused by the FBI, their neglect, their failure to act on purpose and abuse because of their racial and religious bias of me. I'm also overwhelmed by all the crimes committed on me after 2014, crimes that could have been prevented had the FBI just did their job and helped me but instead committed crimes on me. I'm also overwhelmed with all the evidence gathering plus now the crimes by [Charles Ford](#), it's hard to survive with no future cause the FBI refused to help me cause of their racial and religious bias.

This is why we have a terrorist problem, created by the FBI, Muslims went into the FBI to report hate crimes and instead of helping them, they too were abused, the FBI committed crimes on them, created PTSDs and also ran ops on them, to survive cause they didn't want to die from all their PTSDs, they became terrorists. I get it, when they reinforced the pain and trauma of these hate crimes not to mention the crimes of 1998, the 2 back to back sexual abuse incidents and one I was held hostage, I couldn't breath, I was dying, and I felt like I was going psychotic and I was gonna die, from feeling helpless and nobody to help me, so I applied my pastlife, my wholetrack psych training to help me get thru it. If it was up to the FBI, they would have been very happy for me to die after the crimes of 2009-2013, they don't help anybody and are just ripping off the tax payers long term, they all assume they are above the law.

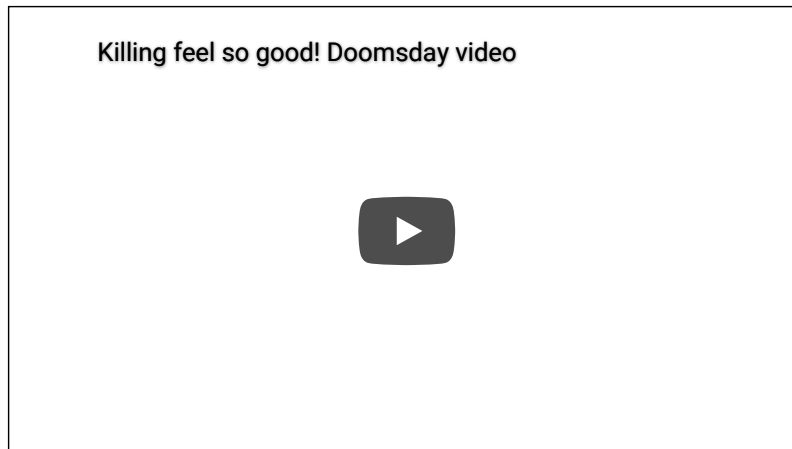

I'd like to put all these people in a room and have them experience what I did, so they can feel the pain they inflicted on me and what I felt, I want them to feel that. I doubt they will get it nor change their behavior, reform cause they really hate the human race, they're Nazis, their legacy is murdering Martin Luther King Jr. When they all die, however they die, to hell they go and after 2 billion years, everybody within the FBI that fucked me over in present time, I'm gonna hunt down and cut their 2Ds. I'm gonna make them eunuch automatons. They will never be able to hurt nor harm anybody ever again and it will be legal, I'll have a licence to implant them and it will be part of my mental health program.

If I didn't care about my soul, I would have become just like the terrorists due to their corruption and abuse, to survive not die, it's human nature, that's how bad my PTSDs were, I couldn't breath after I got their letter in 2014 and I felt like I was drowning and then the LAPD reinforced that and it got worse, so I applied my past life, my wholetrack psych training to help me not drown, so I could breath, so I wouldn't die from all the pain.

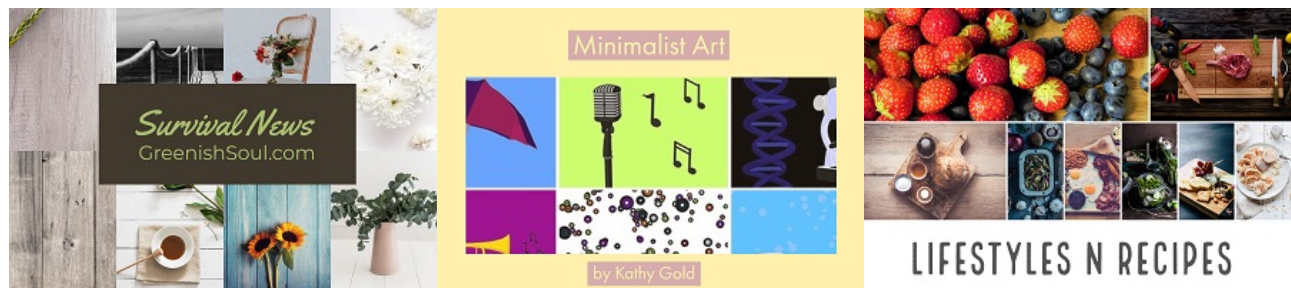

When I went to the law library, the laws I need in this lawsuit against these people were there, I was looking right at the laws but I couldn't see them and I was spinning, every time I looked at a law at the law library, the right law, the correct law, I would spin, get dizzy. Now I'm not dizzy and I'm gonna have fun putting FBI agents in prison for their hate crimes against me, they let all the criminals get away, so they will have to go to prison in their place, after all they're liable. I'll get

both, money and prison for them, not one or the other. And that's how you kill these Nazis, put them in prison and confiscate their shit, destroy their lives, cause them pain, they're not gonna change nor reform, so kill em all, legally with paper. Send messages to the FBI, stop hurting victims of crimes that come to you for help or get fucked.

They're all serial cases, that's all they do is murder human beings from their jobs, now it's time to murder them and it's gonna feel so fuckin good to kill these piece of shit americans, once in prison, they'll be raped and beaten everyday while the prison guards look the other way.

[As for this, FBI Response](#) I don't think I filed an appeal, I can't remember doing that, I could have, I can't remember and I don't see any letter/paperwork right now that I did, I'll have to have this issue investigated thru Federal Court to find out if they are lying or not.
